**Public Board of Directors  
Governance report  
May 2025**

**1. Purpose of the report**

The purpose of the report is to provide key updates on governance matters for the Board of Directors. The paper includes appended reports, which provide more content and detail. The paper sets out:

- The background to the report
- An update on the annual process for receiving declarations of interests, gifts and hospitality for the Board of Directors, the Governors and staff below the Board in preparation for approval at the Board of Directors in July 2025.
- Confirmation of the process for Fit and Proper Person Test (FPPT) Framework compliance

**2. Background**

The governance report forms part of the annual work programme and provides a report at every meeting on all governance related matters that have taken place this quarter, as well as updates on key areas of focus. The report also provides assurance that arrangements are in place to support appropriate and timely governance and monitoring arrangements.

The role of the audit and risk committee is to support the Trust Board and accounting officer in reviewing the comprehensiveness and reliability of assurances on governance, risk management, the control environment, the integrity of financial statements and the annual report.

**1. Declaration of Interests 2024-2025**

As per our managing conflicts of interest in the NHS policy, the annual process in place for the declarations of interests, gifts and hospitality has been underway since December 2024.

The current policy which was approved in May 2024 states that all NHS staff, whatever their role or salary band, must declare any actual or potential conflict of interests which may have a bearing on their employment with the Trust. The process of calling in annual declarations is needed from:

- All salaried staff, band 7 and above who must make a declaration annually as a minimum, even if they have nothing to declare.
- Board members
- Governors

Updated declarations for the current financial year for the Board and for all Governors currently serving on the Council of Governors is attached at **appendix 1 and 2**. There is one governor declaration outstanding.

Updated declarations for the current financial year for all staff above band 7 grade who must respond to and support the call for declarations of interests, gifts, hospitality and sponsorship is attached at **appendix 3**.

The table below summarises the position. Work will continue to call in remaining declarations prior to reporting the final register to the committee and the Board in July 2025.

	Qty	Percentage %
Pending	22	2.9
Maternity	17	2.3
Long term leave	4	0.5
Left the trust	63	8.4
On leave or short-term sick	3	0.4
Processed	443	58.8
Outstanding	201	26.7
Total	753	
<b>Overall completed</b>		<b>70.4</b>
<b>Pending</b>		<b>2.9</b>
<b>Outstanding</b>		<b>26.7</b>

In addition, initial discussions have taken place with workforce, and work will be taking place over the summer to migrate the calling in of declarations from a manual process to an electronic process via the electronic staff record (ESR) in preparation for calling in declarations for 2025-2026.

## 2. Confirmation of the Fit and Proper Person Test (FPPT) Framework compliance

In September 2023, NHS England published the 'Fit and Proper Person Test Framework' in response to the recommendations made by Tom Kark KC in his 2019 Review of the FPPT.

The framework is designed to assess the appropriateness of an individual to discharge their duties effectively in their capacity as a board member and applies to all executive and non-executive directors of NHS Foundation Trusts. The annual process has taken place to meet the requirements for the Trust in respect of new Fit and Proper Person's Test requirements, this means:

- Annual fit and proper self-attestation forms have been completed for all Board members.
- Local FPPT folders have been updated for each Board member
- Work has been completed on the electronic staff record for Board members which has been updated to meet the new requirements.
- The Chair has reviewed the FPPT declarations and has confirmed the required processes have been followed and all data captured appropriately to complete the formal sign off process by the 30 June 2025.

## 3. Recommendations

The Board of Directors is asked to:

- Note the update provided for declarations of interest and process for confirmation of compliance of the Fit and proper persons' test
- Note for assurance the updates received and monitored at the Audit and Risk Committee
